St. Catherine's Summer Enrichment Program

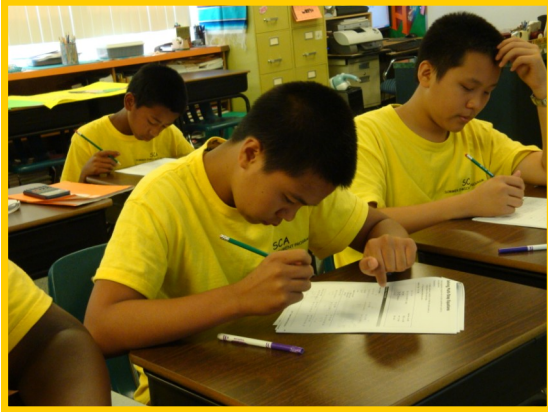

July 1st—July 27th 2012

A 4-week Resident / Day
Summer Program
for boys entering
kindergarten - 8th grade

Our Focus

St. Catherine's focus is on your son. Our staff works to assess his academic needs and help him progress at a pace that ensures success.

Our academic program is designed to motivate young men to explore new and exciting ideas. Small class sizes insure optimum attention for every student. The academic program focuses on the development of strong study skills and encourages each student to work to his full potential.

The morning program offers a variety of core subjects to sharpen skills and assist each student with a one-on-one approach, for review and practice. Our specialized ESL program was created to teach conversational English and mainstream the students by living and interacting with American students and encouraging them to speak English while on campus.

Afternoon Activities

We continue the learning after lunch with sporting events, interactive play, team events and field trips.

Two days a week the boys participate in off-campus outings including: ice skating, bowling, the beach and more.

While on campus our athletic coaches teach the boys basic skills and sports fundamentals.

Athletic activities include: basketball, soccer, football, recreational swimming - providing a fun, safe program which develops and challenges active boys. Our in-door swimming pool is the perfect place to cool off during the hot summer days.

Evenings & Weekends

Resident students discover the value of friendship and team work. St. Catherine's fosters a sense of honor, respect, responsibility and integrity while encouraging strong moral values, personal growth and confidence.

As the sun goes down, our campus becomes a different playground with evening swimming, movie nights, sporting events and more. Disneyland's evening fireworks signal "lights-out" for our residents.

Our 7-Day residents will enjoy weekend trips to the local amusement parks: Knott's Berry Farm, Disneyland, Angel's Baseball and more.

Staff

Our staff is first rate! Caring and nurturing, several of our coaches attended St. Catherine's as young cadets and have returned to work on our staff.

Our goal is to encourage an independent and creative spirit while celebrating diversity with an international student body.
